OBSERVATIONS

While on a 'High Visibility Enforcement (HVE) detail within the City of Ann Arbor Officer Jennifer Armstrong and myself were in patrol vehicle 109 and had traveled NE along S Forest Ave approaching the traffic light for Washtenaw Ave. We entered the left turn lane and slowed/stopped for the traffic light as it changed from yellow to red. The light had been red for approximately 2 seconds, when we observed the suspect vehicle travel in the thru lane of S Forest Ave (next to our patrol vehicle) and travel NE through the intersection onto Observatory Dr. We followed the suspect vehicle and initiated a traffic stop along Observatory Dr near Wilmot St.

TRAFFIC STOP

Making contact with the driver I advised the reason for the stop disregard traffic light (red light). Initially the driver stated that he thought the light was yellow when he traveled through the intersection. Further explaining our observations of the traffic violation and the positioning of our patrol vehicle next to the suspect vehicle as it traveled through the intersection the driver admitted the light was red when he went through. The driver further stated that his actions were wrong. During conversations with the driver, asking for his driver's license and vehicle paperwork, I observed a moderate odor of intoxicants emitting from the driver's body and breath. I also, observed the driver's eyes were bloodshot and watery. The

driver produced an Ohio driver's license and Florida registration paperwork for the suspect vehicle I was able to identify the driver as a Mr Fitzgerald Toussaint I questioned Mr Toussaint if he had been consuming any alcoholic beverages Mr Toussaint admitted that he had been drinking beer I requested Mr Toussaint to exit his vehicle and submit to sobriety tests Mr Toussaint complied

ARREST

Mr Toussaint was advised that he was being arrested for OWI and was placed in handcuff restraints. Prior to placing him in the patrol vehicle for transport, I conducted a search of Mr Toussaint's person for weapons none were located. I inquired of Mr Toussaint if he had any personal items in the suspect vehicle that he needed before we left the scene. He requested that I retrieve his cell phone which was located on the front dashboard. Returning to the suspect vehicle and opening the driver's door, I observed in plain view a black in color semi-automatic handgun lying on the floor in front of the driver's seat. Retrieving and inspecting the handgun I determined that it was a 'look-a-like' Smith & Wesson brand air-soft pellet gun unloaded. I also retrieved the cell phone from the dashboard and returned to my patrol. I inquired of Mr Toussaint on the ownership of the pellet gun. He admitted ownership. Upon completion Mr Toussaint was transported to the SPD for arrest processing, chemical breath testing and lodging.

SUSPECT VEHICLE

With Mr Toussaint's permission a friend of Mr Toussaint was contacted to remove the suspect vehicle from the scene. With the assistance of UofM PD officers also on the scene LEIN/NCIC checks were completed to verify if the subject was a valid driver.

ARREST PROCESSING

DATA MASTER

I advised Mr Toussaint of his Chemical Test Rights. Upon completion and requesting that he submit to a breath test Mr Toussaint advised that he would comply with the test. Mr Toussaint signed the Chemical Test Rights form indicating that he agreed with taking said test. The Chemical Test Rights form is attached with this case report.

RESULTS 0.12% (0113 hrs) and 0.12% (0116 hrs)

BOOKING

I obtained digital photographs and fingerprints from Mr Toussaint. His personal property was inventoried and secured. Mr Toussaint was placed in holding cell #1 and remained until sober. Upon his release Mr Toussaint was issued a PR bond instructing him to contact the court at a later date/time reference the OWI charge.

Notice to officer Complete this form when any alcohol test is given

Confiscate and destroy the arrested person's Michigan driver's license or permit, issue the third copy of this form, and destroy the second copy if a breath test revealed a bodily alcohol content of

- 0.08 grams or more per 210 liters of breath while operating a motor vehicle, or
- 0.04 grams or more per 210 liters of breath while operating a commercial motor vehicle, or
- 0.02 grams or more per 210 liters of breath while operating a vehicle and less than 21 years of age

When a voluntary blood or urine test is pending, or in special cases involving an unconscious person where a search warrant has been issued, attach the Michigan driver's license or permit to the second copy of this form and issue the third copy to the arrested person.

If a chemical test is refused, use the Officer's Report of Refusal to Submit to Chemical Test form (DI-93)

For all of the above, input arrest data into the LEIN F Breath Screen, even if the driver is licensed out of state (Do not confiscate the out of state license)
