INDEPENDENT AUDITORS' REPORT

February 5, 2001

To the Board of Trustees of the Washtenaw County
Voluntary Employees Beneficiary Association
Ann Arbor, Michigan

We have audited the accompanying statement of plan net assets of the *Washtenaw County Voluntary Employees Beneficiary Association* as of December 31, 2000, and the related statement of changes in plan net assets for the year then ended. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Voluntary Employees Beneficiary Association retirement benefits trust fund and are not intended to present fairly the financial position of Washtenaw County and the results of its operations, in conformity with generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the information regarding the Association's net assets held in trust for healthcare benefits at December 31, 2000, and changes therein for the year then ended in conformity with generally accepted accounting principles.

Rehmann Robson, P.C.

Notes To Financial Statements

1. PLAN DESCRIPTION

The Washtenaw County Voluntary Employees Beneficiary Association (VEBA; the "Plan") is a single-employer defined benefit postemployment healthcare plan established and administered by Washtenaw County (the "County") to provide medical and healthcare benefits for retirees and their beneficiaries. Eligible participants include any retirees who receive pension benefits under one of the County's pension plans. Plan provisions are established and may be amended by the Washtenaw County Board of Commissioners, subject to the County's various collective bargaining agreements.

The Plan is funded by a trust agreement established pursuant to Section 501(c)(9) of the Internal Revenue Code which allows for the formation of a VEBA, and is included as a pension trust fund in the County's general purpose financial statements.

Subject to certain age and length of service requirements, eligible participants receive the same medical insurance coverage under the Plan as was in effect at the time of their employment. At such time that participants become Medicare eligible, the benefits under the Plan change to Medicare Supplemental coverage.

Employer contributions to fund the Plan are currently on a pay-as-you-go basis with additional contributions intended to build the fund for purposes of paying future benefits. Although an actuarial valuation of the Plan was completed during 2000, the County has determined that it will establish an annual employer contribution rate using the actuarial valuation as a reference, but not as a definitive requirement.

In general, VEBA members are not required to contribute to the Plan. However, provisions of the Washtenaw County Employees' Retirement System Plan (WCERS; a separate defined benefit plan) allow that required contributions to the healthcare component of that Plan, equal to 5% of annual covered compensation, may be directed to the VEBA, either in whole or in part, at the County's discretion. Accordingly, employee contributions totaling \$256,757 were directed to the VEBA in 2000. Any such contributions in the future will likewise be subject to the discretion of the Washtenaw County Board of Commissioners and the WCERS Board, as well as any applicable collective bargaining agreements.

As of December 31, 2000, 13 members received healthcare benefits under the Plan.

Investments are categorized to give an indication of the level of risk assumed at year end. Category 1 includes investments that are insured or registered or for which the securities are held by the Plan or its agent in the Plan's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the Plan's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent but not in the Plan's name.
